will have to keep a close eye on your body indicators, while gathering resources via farming, crafting, cooking, and even sneaking into or raiding other survivors' shelters. Keep moving forward, for challenges against your survival will only become increasingly fierce!

Map 🔗

The map of Emberland is a well weathered place and full of nature. It is an island located somewhere in the vast ocean. It is a beautiful place indeed but not any safe for survivors. Various Kinds of Creatures roaming around the whole map

have dried out. And finally the Temperate biome containing greenery and full of trees which is home to many wild animals. The Map of Emberland has Many

different types of ruins and Monuments. Some are tough and some are relatively easier. There are mainly 3 types of monuments. Tier 1, Tier 2 and Tier 3.Tier 1 monuments are the easiest holding green and yellow card alongside green vault. Ex: Cloudsville, Longview, Alphine Mine, etc. Tier 2 monuments are much more difficult than tier 1 containing ember chests, Yellow room and red card. Ex:Cape Hattersbone, Port

Harlow, etc. Only one Tier 3 monument for now exists in game named Port tackson. Containing Red card and boss Kane. There are various kinds of monsters and

should always be prepared.

Moreover, The map of emberland is a soothing

bosses in here. So you

nlace hiding many mysteries

Barren Lands, Plains and Snowy mountains.

FANDOM

BETA

Snowy mountains **6**

Due to high height, the temperature is below freezing point and the land is covered in snow throughout the year. Here you can find pine trees and frozen lakes and water bodies. The animals which can be found here are horses and also big brown bears.

Barren Lands **6**

It is one of the hottest biomes. Due to scarcity of water the land is covered with barren land and sand. As the temperature is high
